This is a view from our neighborhood. We lived in a house associated with the Maryknoll Missions. The city of Oaxaca is located in the valley below.

Sometimes, a smile says it all!  
My afternoons spent here in Montoya, a small village in the mountains, were among the best. Over 100 children came 5 days a week to play, color, sing... I wonder who had more fun?

A few of the Maryknoll volunteers joined us to bring musical entertainment to the nursing home. Music, clapping, and treats from a nearby bakery - all the makings of a great afternoon.

Ishmael and Miguel became a few of our closest friends. During our visits to the nursing home, Ishmael shared with me stories of his youth and sang some of his favorite tunes.

Miguel became known as the "Dominos Champ" so I challenged him to a game. Miguel had met his match!
