- Residence Halls crime statistics are a subset of the On Campus category, i.e. they are counted in both categories.
- 2018 statistics for reported rape offenses include information based on one anonymous report of a “sexual assault” which did not specify whether the sexual assault involved rape or fondling, or whether such assault occurred on more than one occasion; the statistics reflect one report of rape based on this information.
- 2018 statistics for reported rape offenses also include a report of a “sexual assault” received from an individual who did not specify whether the sexual assault was rape or fondling; the statistics reflect one report of rape based on this information.

As required under the Clery Act the following report indicates the number of reported occurrences of the listed offense that manifest evidence that the victim was intentionally selected because of the perpetrator's bias against the victim. For the purposes of the Clery Act, the categories of bias that may serve as the basis for a determination that a crime is a hate crime would include the victim's actual or perceived race, religion, gender, gender identity, sexual orientation, ethnicity, national origin, and disability. For all offenses reported below, the category of bias will be noted in the table footnotes.

Hate Crime Statistics	
2016	None
2017	None
2018	1 – Intimidation directed towards victim’s religious beliefs
