Minimum credits	62			

This outline can be used for those transferring into Siena's Psychology major from Schenectady County Community College only.

Points to keep in mind:

- Students that graduate from SCCC with an A.A. degree in Liberal Arts, Humanities and Social Science, Psychology concentration will enter Siena's Psychology major with Junior status. Junior status is classified as having 54 or more transferable credits at Siena. Please note that a grade of C or better must be obtained in order for the SCCC class to transfer to Siena. Students will need to complete the admissions application process and adhere to the admissions standards and guidelines set forth in the Siena College catalog.
- Any 300-level course must be taken at Siena or another four-year institution.
- A maximum of 19 SCCC Psychology credits can transfer into Siena (although PSYC 200 does transfer, this will not count against the 19 max credits). If more than 19 Psychology credits are taken at SCCC, the additional coursework will transfer in as Liberal Arts electives.
- Since half of the Psychology major must be completed at Siena College, students transferring in more than 16 credits will need to complete additional PSYC courses at Siena. If 19 credits are transferred, students will need to complete 19 credits at Siena or a total of 38 Psychology credits.
- Students transferring with 24 or more credits are not required to complete Siena's First Year Seminar (6 credits), however, check with Siena admissions for acceptable substitutions.
- Students are required to complete four Franciscan Concern courses, however substitutions for these courses can be taken at SCCC (for a list of acceptable substitutions please visit the SCCC Curriculum Guideline section on the Siena Transfer Admissions website).
- Additional coursework may qualify, at the discretion of the Assistant Dean.
