“The Life and Legacy of Sr. Thea Bowman”

“Sr. Thea Bowman, F.S.P.A., remains one of the most beloved and powerful African-American Catholics of all time. Those who knew her personally recall her as friend, teacher, mentor, leader, preacher, activist, singer, founder and champion of the marginalized in society. Many who did not know her directly feel they did because of the profound influence she had on people who did know her. The opportunities for learning and growth she worked to ensure for generations to come are her legacies.” Cecelia Moore, *St. Anthony Messenger*, March 2010, p. 55.
